California Proposition 65 Information: The manufacturer believes that the law requires us to inform you that detectable amounts of any listed chemicals might be present in the manufacturer's products. Based on a review of the list, the manufacturer's product, like all synthetic and naturally occurring chemical substances, may conceivably contain trace contaminants of some of the listed substances. While not necessarily added to the manufacturer's product as ingredients, some listed chemicals may be present in the raw materials and received from suppliers over which the manufacturer has no control. Therefore, even though some of the listed substances may not represent a significant risk as defined by the regulations, in order to comply with the California law, the manufacturer feels obligated to make the following statement: This product may contain trace amounts of residual acrylamide.

DISCLAIMER:

The information contained herein is based on the data available to us and is believed to be correct. However, the manufacturer makes no warranty, expressed or implied regarding the accuracy of this data or the results to be obtained from the use thereof, and assumes no responsibility for injury from the use of the product described herein. The manufacturer assumes no liability for incidental, consequential or direct damage of any manner or kind, regardless of cause, including negligence.
